PROFILE

I'm Raj Kumar M, Managing Director of Weorex — a global sourcing, export, and business-systems company I started in 2021 (incorporated as Weorex Pvt. Ltd. in 2024). Weorex works across product sourcing, merchant export, and OEM/manufacturing coordination, including Weorex Packing, our packaging export and wholesale supply arm serving food-grade containers, corrugated boxes, and eco-friendly packaging to importers across Africa, Europe, and the Middle East. Alongside that, I lead Zeo Create, Weorex's digital division — designing and building websites, ecommerce platforms, custom software, and business automation using React, Next.js, Node.js, and WordPress.

EXPERIENCE

Managing Director — Weorex

2021 — Present

Founded Weorex in 2021 as a global sourcing and export business, incorporated as Weorex Pvt. Ltd. in 2024. Leading trade & export operations, manufacturing partnerships, and Weorex Packing's wholesale distribution — alongside the technology behind it all.

Full-Stack Developer — Zeo Create (Weorex)

Ongoing

Running Zeo Create, Weorex's digital division — building web apps, WordPress sites, ecommerce, and business automation tools across React, Next.js, Node.js, and WordPress.

SELECTED WORK

Weorex — Company Website

Corporate site for Weorex's global sourcing, export, and business-systems operations.

Next.js

WordPress

Weorex Packing Storefront

Export & wholesale storefront serving 20+ countries with packaging products.

WordPress

E-commerce

Operations Dashboard

Internal tool for tracking orders, inventory, and exports across the business.

Next.js

PostgreSQL

WhatsApp Business Automation

Automated customer inquiries, order updates, and follow-ups over WhatsApp.

Node.js
